

It's Time to EXCHANGE

IIS MAJORANA MONCALIERI

CLASS: 3^B

Erasmus 2026

Erasmus 2026

In April, our class had the opportunity to host 11 Romanian students our age. During this experience, we shared some information about our school systems, traditions and food, while learning more about each other’s cultures and creating new friendships together.

Erasmus 2026

First meeting

We got to know each other by playing a couple of games. The rules of the game were simple: we got in circle, and each of us had to say the name of A day of the week, and every time we got Tuesday or Thursday, we had to clap our hands.

Tour of Moncalieri

An engaging way to visit the city

In the afternoon, we did an activity invented by us, called “Princess hunting”, that allowed us to visit Moncalieri in an interactive and funny way!

The activity was based on an invented story about the disappearance of Princess Maria Clotilde, and our Romanian friends had to find her!

Treasure hunt stages...

-GELATERIA “LA ROMANA”

Our first step was Gelateria La Romana to let our Romanian friends taste Italian gelato. Here we told them the plot of the story.

-PO RIVER

We walked to the banks of the Po River, where one of our classmates pretended to be a fisherman and gave the Romanian students clues for the next stop.

-CHURCH

In front of the church, another classmate pretended to be the priest and gave directions to the town hall for the next part of the treasure hunt.

Tresure hunt stages...

-TOWN HALL

From the window of the town hall, one of our teammates acted as a princess asking for help.

The Romanian students had to combine the notes collected at each stop to create an Italian sentence and say it out loud to rescue her.

Tresure hunt stages...

-CASTELLO DI MONCALIERI

Our last stop was Castello di Moncalieri, where we went to show our Romanian friends the ancient Savoy residence.

Travel Presentation

Town hall tour

After the city’s tour we went to the townhall , and we had the opportunity to visit it guided by the councillor. In particular we visited the wedding room that used to be council room and we learnt a lot of interesting facts.

Day 2

Romanian typical dances

» On Thursday afternoon we met again our new Romanian friends and it was their turn to share their culture with us. So they taught us their typical dances.

» They proposed us couple dances and group dances, based on simple rhythmes. All of these dances are known all over the world.
